Education

Northeastern University

Boston, MA

Honors Candidate for Bachelor of Science in Computer Science, Minor in Mathematics

Expected Graduation: Dec. 2027

Cumulative GPA: 4.0 / 4.0 | Awards: Dean's List (F24, S25)

Relevant Coursework: Object Oriented Design, Fundamentals of Computer Science I/II (Accelerated), Discrete Mathematics, Foundations of Cybersecurity, Logic and Computation, Special Topics in Cloud Computing

Experience

Technical Lead and Head of Recruiting

Jan. 2025 – Present

Sandbox at Northeastern

Boston, MA

- Leading a 9 person team through the technical development of a new software platform for Good Dog Licensing, a client-based project for Green Line Records at Northeastern University.
- Coordinating regular client meetings with Good Dog Licensing to present product progress and gather actionable feedback to refine the platform.
- Improving and overseeing the recruitment process for 200+ students all applying for about 10 positions as developers in Sandbox at Northeastern

CS Curriculum Lead

Aug. 2024 – Present

First Byte

Boston, MA

- Building and strengthening partnerships with high school after-school programs to expand the reach of our computer science curriculum to 9th–12th grade students.
- Leading a team of 8+ in designing and developing engaging workshops that teach relevant core computer science concepts.
- Coordinating workshops both on Northeastern's campus, and at local Boston organizations, like Camp Harbor View, to provide students with hands-on learning experiences.

Research Assistant

Aug. 2025 – Present

Northeastern University

Boston, MA

- Using autonomous workflows and LLM APIs to build an AI-powered assistant that integrates course materials to answer students' questions automatically.
- Implementing contextual retrieval methods to ensure accurate, real-time, and relevant responses to students' questions.

Resident Assistant

Aug. 2025 – Present

Northeastern University

Boston, MA

- Fostering a safe and inclusive community for 25+ residents by organizing social, educational, and wellness programs that enhances student engagement and well-being.
- Providing peer support and guidance, assisting residents with academic resources, personal challenges, and campus involvement opportunities.

Projects

Good Dog Licensing | *React, Next.js, TypeScript, tRPC, Prisma, TailwindCSS*

Jan. 2025 – Present

- Building and maintaining robust tRPC API endpoints to support key product functionality tailored to the client's needs.
- Creating responsive frontend components, modals, and pages that seamlessly integrate with backend services to deliver a cohesive and user-centered experience.

Clue Sidekick | *Vue, TypeScript, Spring Boot, Java, TailwindCSS, Vercel, AWS Lightsail*

May. 2025 – Jul. 2025

- Developed an automated deduction engine in Java with Spring Boot that tracks hidden information across multiple players and pinpoints solutions using process of elimination.
- Designed an intuitive Vue interface that works with any version of Clue, and features chat style interactions to guide players through tracking guesses to enable an automated, clear, color-coded score card that makes deductions easy to follow.
